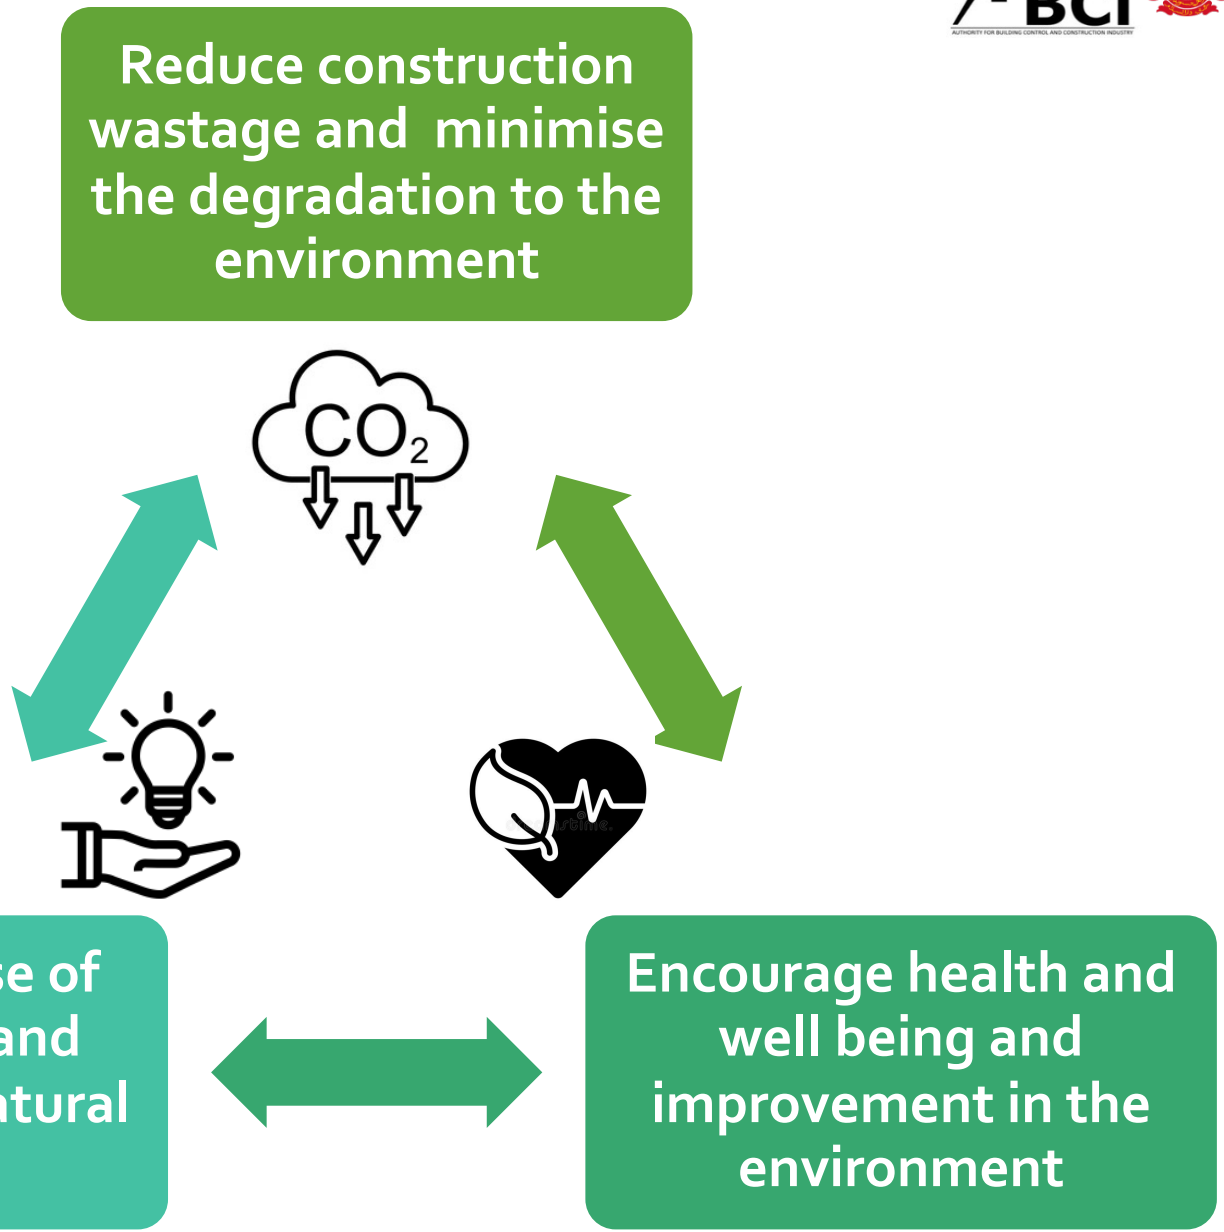
INTRODUCTION

The **Sustainable Products Scheme** will be introduced in 2022 under ABCi for the registration of construction products which align with the needs of the construction industry towards sustainable development for the built environment.



OBJECTIVES

Creation of a local green label and a product directory for construction industry to strengthen the Green Building Initiatives in Brunei.

- Brunei Darussalam National Climate Change Policy
- 'Protokol Hijau'
- Brunei's Green Building Rating Tool, BAGUS (Brunei Accredited Green Unified Seal)

CURRENT ABCi PRODUCT REGISTRATION

Scheme 1	• A valid compliance certificate of ISO 9001 Standard on Quality Management System and a valid Certification Mark from any Standards Organisation recognised by ABCi
Scheme 2	• A valid compliance certificate of ISO 9001 Standard on Quality System recognised by ABCi.
Scheme 3	• Local Product – Product has a valid test report from an accredited laboratory or any foreign Standards Organisation recognised by ABCi. There shall be certificates verified by any of the approved third-party quality agencies for authenticity and validity (if required by ABCi). Any fees incurred shall be borne directly by the applicant
Scheme 4	• Product has a valid Certification Mark from any Standards Organisation recognised by ABCi.
Scheme 5	• Local Product – Product has been tested fully complying to relevant standard recognised by ABCi. Full-type test must be witnessed by authorised personnel of Jabatan Kerja Raya or recognised third-party agency.
